DETAILED ACTION

Allowable Subject Matter

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance:

There is no teaching or suggestion in the art of record disclosing a multiplexer cell layout structure in accordance with all of the limitations of claim 1 in combination. Therefore, independent claim 1 is deemed allowable along with its dependent claims 2-10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following US patents disclose relevant cell layout structures: 6710371, 6307234, 5930163, 5635737, 5483083 and 5377136.
